

Church Family,

As we are expecting adverse weather, I wanted to share how we plan to respond.

**We will always have church unless there is a Level 3 Snow Emergency in effect for any portion of a scheduled church time.** In the event of a Level 3, services will be automatically cancelled, and a text notification will be shared church-wide to confirm that cancellation.

Why this approach? We're a church that gathers. Many of you have driven through challenging conditions to worship together, and we want to be here for everyone who can safely make it.

Safe travel looks different for everyone, and we understand that. If conditions make travel unsafe for you or your family, please use your best judgment and join us via livestream.

See you Sunday.

Pastor Jonathan Marshall
